

We are writing to express our sincere appreciation for the opportunity to participate in the **E=MC²** project. This initiative has profoundly impacted HESSA as an organization and has created meaningful change in the lives of the young people we work with.

Organizational Impact

The **E=MC²** project has significantly strengthened HESSA's capacity to engage youth in innovative and thought-provoking ways. The project's focus on creativity, problem-solving, and experiential learning has provided us with tools and methodologies that we are already incorporating into our local activities. Collaborating with ACPELIA and other international partners has expanded our network and introduced new approaches that will benefit our future projects.

Youth Impact

The participants from our organization have experienced substantial personal and professional growth through the **E=MC²** project:

- **Increased Creativity and Confidence:** The project inspired our youths to think creatively and approach challenges with a problem-solving mindset. Many participants expressed that they gained confidence in presenting their ideas and collaborating with others in diverse teams.
- **Cultural Exchange:** Participants valued the opportunity to engage with peers from different countries, sharing experiences and learning about each other's cultures. This intercultural exchange broadened their perspectives and fostered mutual respect and understanding.
- **Skill Development:** Through the activities, participants improved their teamwork, communication, and critical thinking skills. They also learned the importance of adaptability and innovation in addressing real-world challenges.

The **E=MC²** project has been an exceptional experience for both HESSA and the young people we serve. It has not only equipped our youths with valuable skills and knowledge but also inspired them to pursue new opportunities and take an active role in their communities. The project's impact will continue to resonate as we apply the lessons learned in our future endeavors.

We are deeply grateful to ACPELIA for coordinating this transformative initiative. Your dedication and professionalism ensured that the project was both impactful and memorable. We look forward to continuing our collaboration and working together on future projects.

Thank you once again for the incredible opportunity.

Yours sincerely,
Hilitanu Eddy
President of
HESSA Organization
